- Do not make comments or have discussions about ethnic backgrounds, sexual orientation, age, or disabilities of voters or co-workers. Tompkins County has zero tolerance for expressions of discrimination, bias, harassment, or negative stereotyping toward any person or group.
- Do not discuss candidates or issues.

Perfumes and Colognes and Smoking

- Out of courtesy to your co-workers, we ask that you not wear any scented perfumes, after shave lotions or colognes when you are working on Election Day.
- If you need to take a break to smoke, you must be at least 50 feet from the building and not in the path used by voters.

Emergency Procedures

- Call us about any situation that you feel may necessitate moving the polling location as soon as it is safe to do so.
- After conferring with the County Board of Elections and emergency services if necessary, determine if you are able to move all the materials to another room in the building.
- IF THE POLL SITE MUST BE VACATED the Poll Site Managers must make certain that everyone gets out safely.
- Remember that emergencies can include an unsafe or uncomfortable working area.
- Let us know immediately if any voter or other person is abusive or threatening. Try to get the person to talk to us on the phone. If they are unwilling to talk to us and you cannot resolve the situation, CALL 911.

Affidavit Voters and the PSM Poll Pad

Inactive Voter Who Has Not Moved

Our records show that Amanda is in “Inactive” status.

She can either go to a judge to seek a Court Order or she can vote by Affidavit Ballot. In order for her to vote by Affidavit Ballot you need to determine if she is in the correct poll site.

For all the examples in this presentation the Lehman Alternative Community School is the poll site.

The screenshot shows the PSM Poll Pad interface. At the top, it says '2021 Training Module Primary' and 'TRAINING MODE'. Below this, it shows 'Tompkins County' and 'Lehman Alternative Community School'. There are buttons for 'ADD AFFIDAVIT' and 'START OVER'. A yellow arrow points to the 'ADD AFFIDAVIT' button. Below the buttons, there are search filters for 'AND' and 'AMA', a 'Search' button, and an 'ADVANCED SEARCH' button. The search results show one result for 'Anderson, Amanda N', who is listed as 'Inactive'. The address is '150 W VILLAGE PL APT 341, ITHACA, NY 14850' and the voter ID is '356250'. The poll site is 'Lehman Alternative Community School' with precinct 'Ithaca City 001002 Split 125'.

Amanda states that she still lives at the location listed in the Poll Pad. The Poll Pad indicates that Lehman Alternative Community School is the poll site, so she is in the correct location to vote by Affidavit Ballot.

You start by hitting the “ADD AFFIDAVIT” button.

Notice to Voters

NOTICE TO VOTERS

(Section 8-302(3-a) NYS Election Law)

IF YOUR POLL RECORD IS MISSING,

OR, FOR A PRIMARY ELECTION, YOUR POLL RECORD DOES NOT
SHOW ENROLLMENT IN THE PARTY IN WHICH YOU CLAIM TO
BE ENROLLED,

YOU MAY SEEK TO VOTE BY ONE OF THE FOLLOWING METHODS:

1. **AFFIDAVIT BALLOT** - If you are able to swear under oath that you live in the election district in which you are seeking to vote and that you are presently registered to vote in this County, (and in a primary election, that you are also enrolled in the appropriate party), the Election Inspectors are required to give you a paper ballot on which you may cast your vote.

Place the voted ballot in the envelope provided and carefully complete your affidavit on the outside of the envelope, making sure to give your correct residence address. The envelope will be returned, unopened, to the Board of Elections. If the Board determines that you are an eligible voter in that election district, your ballot will be counted. You will be notified if your ballot is not cast and the reason for such decision.

At the Board of Elections, your envelope will be opened along with others, and the folded ballots will be placed in a group and mixed. They are then unfolded and counted. In this manner, the secrecy of every vote is maintained.

2. **COURT ORDER** - You may obtain a court order directing the Election Inspectors to allow you to vote on the voting machine. Your Board of Elections will tell you where and when a Justice of the Supreme Court or a County Court Judge can be located. You can contact your County Board at the number provided below.

“Casting Ballot.”

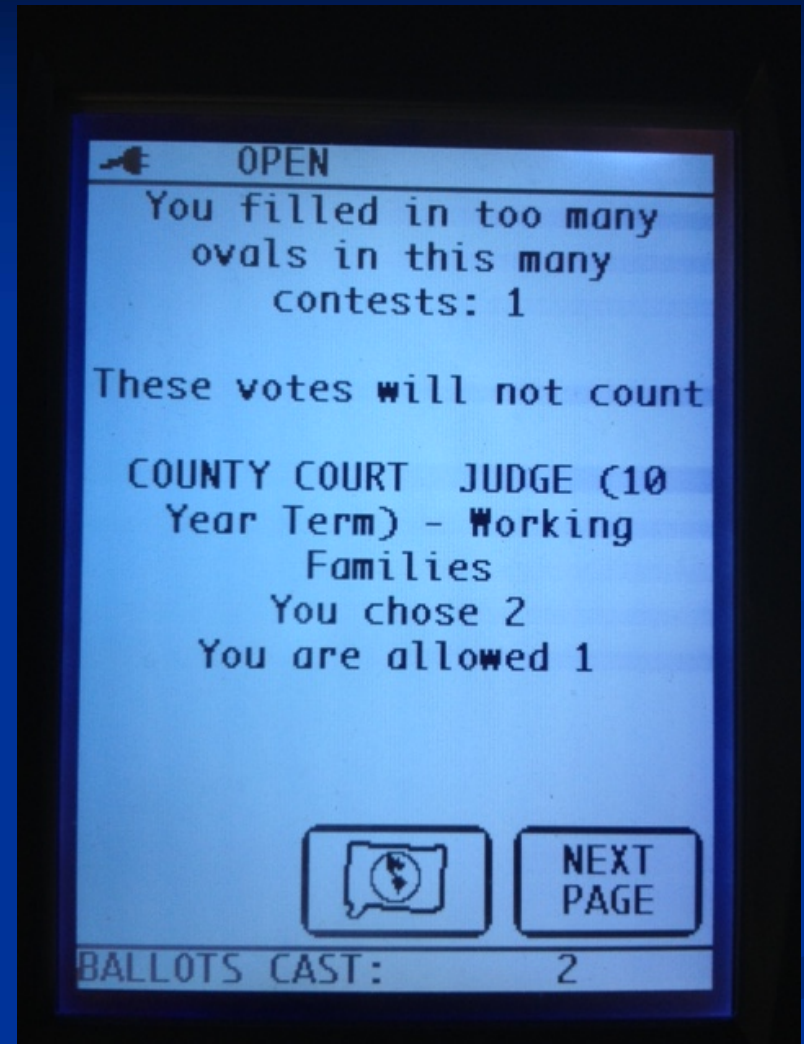

The display should next show “Ballot Successfully Cast.”

If a ballot is “OVERVOTED”, a message like this will appear. The voter can either press the “RETURN” button and take their ballot back to the Inspector table and get a new ballot, or the voter can cast “as is” by pressing the “CAST” button.

Overvoted contests will not count, but other contests will.

If the voter presses the “MORE” button they will see this screen. This screen informs the voter that they can press “RETURN” to get their ballot back and exchange it for a new ballot.

OR

They can cast the ballot as is by pressing “CAST”

A blank ballot will bring up this message. Again, the voter can choose to cast as is or have it returned.

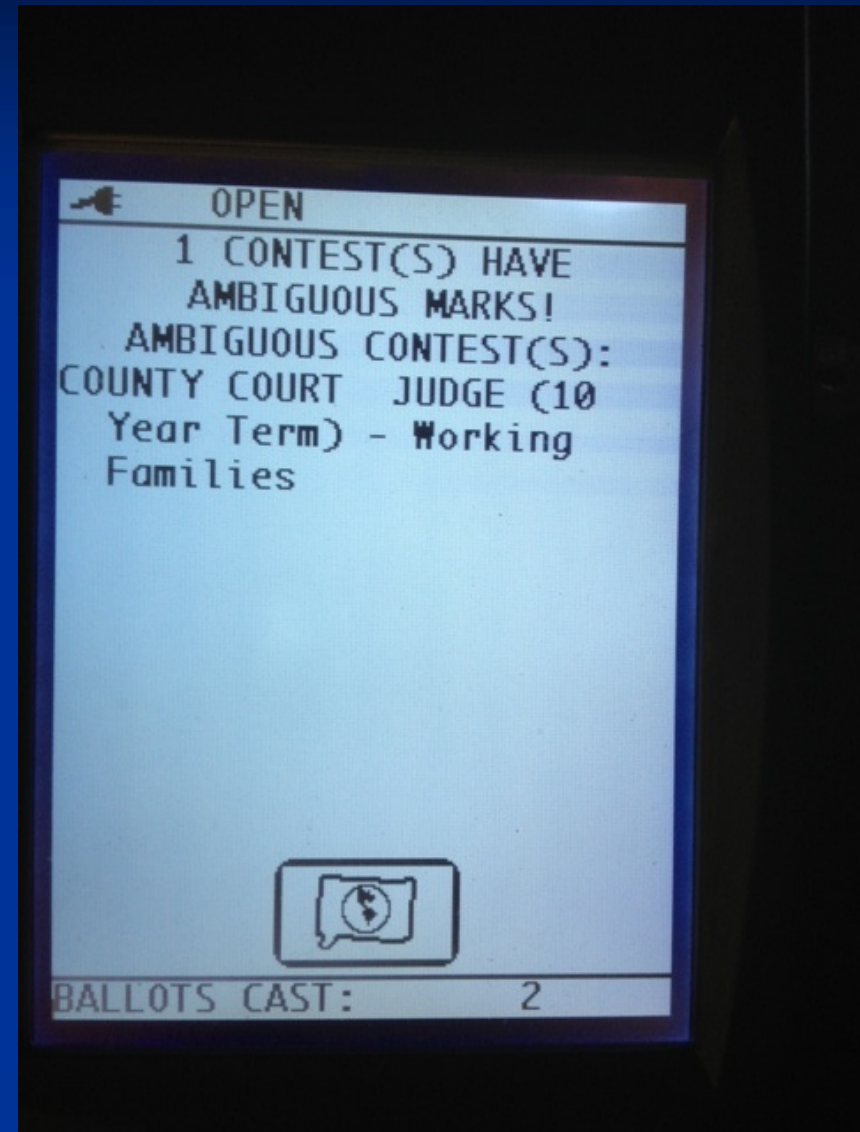

If the voter gets an “Ambiguous Marks” message, it will tell the voter to make sure the boxes for their choices are completely filled in. The scanner will **NOT** accept a ballot with an ambiguous mark.

Note that if the voter needs more information, they can press their finger on the word “MORE”

When they press
“MORE”,
The next screen
will list the contest
which contains
ambiguous marks.

Remember the
voting machine will
not accept a ballot
which contains
ambiguous marks.

Ballot Jams

- A Poll Site Manager should press the button on the LED screen that says “CLEAR”
- If this fails to free the ballot, DO NOT TURN OFF THE POWER TO THE VOTING MACHINE.
- Two poll workers (one Democratic and one Republican) acting together, *after confirming that the message on the LED screen says that the ballot has been tabulated* must cut the seal, unlock and open the ballot box door.

Ballot Jams

- While one poll worker observes, the second poll worker shall tug the hanging ballot in a downward direction until it becomes free.
- The poll worker shall then place the ballot in the compartment where write in ballots land after they have been cast. Do NOT put the freed ballot in the blue ballot bag. The poll workers must be careful not to look at any markings on the freed ballot.
- Close the ballot box door and lock it. Place a new plastic seal to replace the seal that you cut and log the new seal number on the seal report.

Ballot Jams

- REMEMBER THAT AT ANY TIME THE BALLOT BOX NEEDS TO BE UNLOCKED AND OPENED, TWO ELECTION WORKERS (ONE FROM EACH PARTY) MUST BE PRESENT.

Emergency Ballots

- If the voting machine fails to operate as expected, one of the Poll Site Managers will open the Emergency Ballot Compartment on the voting machine and instruct voters to insert their completed ballots into the compartment.
- The Poll Site Manager will then call the Board of Elections immediately.
- When the voting machine is working again, the Poll Site Managers will close and re-lock the Emergency Ballot Compartment.
- The ballots will be tabulated and combined with the other ballots after the polls close (see “Closing the Polls”).

It Is Now 8PM

(Time to Begin Thinking About Closing the Polls)

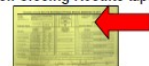

- During the last hour of voting, both the Poll Site Managers and Election Inspectors should review their respective Poll Closing Check Lists.
- Spending a little time now reviewing the Check List will make the Poll Closing go much smoother.
- Make sure you understand each step of the process of Closing the Polls. If you do not understand a step, this is a good time to call the Board of Elections.
